These are ideal investment rental properties for both holiday rentals and long term rentals. This area is popular with staff who work at Alicante airport. Situated near the Clot del Galvany nature reserve in lower Gan Alacant. Located close to Alicante International airport, which is just 8 minutes drive away. Included in the price is a car parking space in the underground garage and a store room. Gran Alacant is a residential area belonging to Santa Pola. It is characterised by having two main areas: one at the entrance from the N-332, with a newer and more modern construction, and in which a large commercial area is located; and

another, closer to the beach of Arenales, and that offers a variety of restaurants and small shops. It has excellent communications, so you can forget about the car to go to the beach, since it has an urban line that connects the whole area.
