BESKRIVELSE

NYBYGGEDE LEILIGHETER I ALICANTE BY Et eksklusivt prosjekt med 4 romslige leiligheter i Alicante by. Disse moderne leilighetene er bygget med materialer av høy kvalitet og oppfyller de strengeste byggestandardene, noe som garanterer holdbarhet og komfort. Eiendommen ligger i et svært populært område for investeringer i turistutleie, noe som betyr at eiendomsprisene er i rask vekst. I tillegg ligger de i gangavstand fra sentrum og den populære Postiguet-stranden, i tillegg til det arkeologiske museet i Alicante, slottet Santa

Barbara og det store kjøpesenteret Plaza Mar II med mange restauranter, kafeer og butikker. Det er også et utmerket kollektivtilbud i området. Disse loftsleilighetene er designet for å gi maksimal komfort, enten de skal bebos eller leies ut. Alle leilighetene har egen inngang fra gaten og en liten terrasse, noe som gjør dem til en perfekt investering for ferieutleie. I motsetning til hva man vanligvis tenker om leiligheter, kan disse betraktes som selvstendige boliger i hjertet av sentrum, uten behov for kontakt med naboer. Disse eiendommene er helt nye, og vi er villige til å undersøke ulike kjøpsalternativer slik at du kan få den beste avtalen. Gå ikke glipp av muligheten til å eie kvalitetseiendommer med en privilegert beliggenhet.
