BESKRIVELSE

This project is situated on an excellent spot in Finestrat, Benidorm. This green community is just outside the city of Benidorm, so tranquil. The big commercial centre is on walking distance, likewise the tram station. And near Puig Campana Golf. Poniente Beach and Cala de Finestrat are only 2 kms away. The design of the villas ensures a combination of practicality and space. And the materials used guarantee a high energy efficient home. This is a villa to enjoy life. Although the villas are next to each other there is a lot of privacy. No indiscret windows to overlook your neighbour. Natural light is an important feature in the houses. Each property has an open living-dining-kitchen area. By opening the glass doors in the living room or the kitchen area the kitchen turns into a "summer kitchen". The houses have 3 bedrooms (with an option to extend with another 2) and 3 bathrooms. All have a private garden or terrace with pool. The terrace on the first floor is spacious. The solarium on the top floor is an extra option. From here one can enjoy the sea views. Kitchen is without appliances.
